SENATOR GORMAN CAN SEE PARTY SUCCESS

Does Not Think Democracy Would
Derive Any Benefit From De-
feat Next Tuesday.

KIND WORDS FOR CLEVELAND.

Maryland Statesman Denies He
Hopes to Be Democratic Presi-
dential Nominee—Trusts
and Tariff the Issue.

The Republic Bureau,
14th St. and Pennsylvania Ave.,
Washington, Nov. 1.—Senator Arthur Pate
Gorman discussed at length the present po-
litical situation, at his farm near this city
today. Mr. Gorman said:
"I believe that the next House of Repre-
sentatives will be Democratic by from
twenty to thirty majority. This is a some-
what off-hand opinion, as I have not made
any examination into details."
Do you think it would aid the Demo-
crats in the presidential campaign to be
defeated at this election? Mr. Gorman was
asked.
That proposition is too absurd to admit
of any discussion," he replied. "Mr. Cleve-
land has stated the case accurately when
he said that a political party cannot be
continued, and all along the line. It does
not benefit a party to be beaten."
Speaking of ex-President Cleveland, Mr.
Gorman said that his recent utterances and

his consent to make a speech in favor of
the Democratic party had given much sat-
isfaction throughout the country, and many
thousands who have been hostile to the ex-
President during recent years will now
forget their hostility in welcoming his sup-
port.

"The safe, conservative element of the
country," he said, "is looking toward the
Democratic party to curb the excesses of
the Republican party, which has had no
chance for some years. The time has come for
a halt."

What will be the issues in the presiden-
tial campaign of 1904?
"The trusts and the tariff," the Senator
replied. "These are the living questions. The
free silver issue has been lost to sight.
When it arose the country was suffering
from a scarcity of currency, which caused
real distress. That scarcity has been sup-
plied by the enormous production of gold
since 1896, and we hear no more about the
free coinage of silver."

The proper way to deal with the trusts is
a difficult problem to solve. But it can be
solved. As to the President's plan to have
the Constitution amended, of course, there
is nothing in that. But a law can be framed
which will accomplish the result that the
people want."

Where will the candidates for President
come from, Senator?

"I suppose," he replied, "that if the con-
vention were held now there could be no
doubt of President Roosevelt's nomination.
But it is never safe in politics to prophesy
two years ahead; so many things may hap-
pen in that time. It looks now, of course,
as if Mr. Roosevelt would be the Republi-
can nominee."

Who the Democratic nominees will be it
is too early even to make a guess.
"Our own name, Senator," has been men-
tioned in that connection."

"I have not given that idea a thought,"
he replied, "and that is all he would say
about it."

Mr. Sprague Says
The new Colonial Restaurant at Broadway
and Lexington street is just the place for
ladies and gentlemen.

Candid, at Least.
"I suppose," said he, sarcastically, when
he came back to her after the interview, "that
all you men went out merely to get
your opera glasses."

"No," he replied, "I think most
of us went out for our eye glasses." (Phila-
delphia Press.)

AN AUTO RIDE FOR DISORDERLY PERSONS.

Atlantic City Has Bought Electric Patrol Wagon and Police Fear
Its Comforts Will Increase Arrests—Charge Will Oper-
ate Vehicle for More Than Twenty Miles.

CAN BE BROUGHT TO A STANDSTILL WITHIN ITS OWN LENGTH.

NEW HORSELESS PATROL AT ATLANTIC CITY.

REPUBLIC SPECIAL.
Atlantic City, Nov. 1.—The only electric
patrol in the State of New Jersey is the
horseless vehicle which has become a
part of the equipment of this city's Depart-
ment of Public Safety.

The big machine, however, a handsome
affair, costing \$4,000, though now here, has
not as yet been accepted, but is undergoing
various tests.

A single charge will operate the machine
for twenty miles and it has a guaranteed
speed of eleven miles an hour, though it av-
eraged fourteen under a speed test.
While the automobile was ordered because
of its up-to-dateness, still the city officials
had in mind that it would be cheaper to
operate than to keep two horses in service.
The cost of operation is trifling, as it can
be recharged for it, and the charge will
last for a week or longer.

JOKER KICKED TO DEATH.
Workman Pins a Crab on the Ani-
mal's Tail.

REPUBLIC SPECIAL.
Rochester, Nov. 1.—A workman was
kicked to death by a mule at West Bloom-
field this afternoon. A number of Italians
were driving a crowd, and the victim's
dredge uncovered a crab.

His companion tried to him to put it
on the mule. The fellow fastened the crab
to the animal's tail and was laughing at the
joke when the animal let go both hind

REPUBLIC SPECIAL.
New York, Nov. 1.—Following an article

wealthy Italian, living at No. 3 Ridge street,
Astoria, built a glass wall, eight feet high,
around a natural spring on his place. It re-
quired 1,200 bottles.

Some jealous rival informed Inspector
Martin O. Smith of the Long Island Bot-
tles' Association of the glass wall, and he

found forty-one bottles belonging to bottles

Constipation Makes Bad Blood.

MULL'S GRAPE TONIC CURES CONSTIPATION

Constipation is the rotting and decaying of undigested food
in the alimentary canal. Disease germs arise from this festering
mass, which find their way into the
blood. The blood becomes impure and
shortly the entire system gives way to
the unhealthy condition.

You cannot cure a case like this by
taking pills or other common cathartics.
A laxative will not do. A blood medi-
cine is ineffective. Mull's Grape Tonic
is a gentle and mild laxative in addition
to being a blood-making and strength-
giving tonic which immediately builds
up the wasted body and makes rich, red
blood that carries its health-giving
strength to every tissue at every heart
beat.

Mull's Grape Tonic is made of pure
crushed fruit juices and is sold under a
positive guarantee.

Doctors prescribe it. All druggists sell it at 50 cents a bottle.
Send 10c to Lightship Medicine Co., Rock, Island, Ill., to cover postage on large sample bottle.
